| **Indicate how the FY'16 General Revenue refund was budgeted<br>The refund was budgeted in Community and Family Health Service to pay for personnel costs and contractual obligations. |                |         |           |       |        |             |

| What Changes did the Agency Make between FY'16 and FY'17?   |  |
|---|--|
| <p><b>1.) Are there any services no longer provided because of budget cuts?</b><br/>The OSDH received a 4.0% state budget reduction for SFY 16 which resulted in the elimination of the dental health education services and closure of five county health satellite offices. Clients who were receiving services must travel longer distances to get the same services.</p> <p><b>2.) What services are provided at a higher cost to the user?</b><br/>Cost of infectious disease medications for the treatment of STI have increased by 470% and an 84% increase in TB medications over the past year.</p> <p>The percentage of federal contribution (FMAP) for public health services has decreased by more than 5% since 2014. The state share cost will increase by \$1,281,368 to provide the same level of services</p> <p><b>3.) What services are still provided but with a slower response rate?</b><br/>Services in counties that had closures would be slower because of increased wait times</p> <p><b>4.) Did the agency provide any pay raises that were not legislatively/statutorily required? If so, please provide a detailed description in a separate document.</b><br/>No</p> |  |

| FY'18 Requested Division/Program Funding By Source  |                     |                      |                      |            |                      |              |

| FY'18 Top Five Appropriation Funding Requests                  |                  |
|--|------------------|
|  | \$ Amount        |
| Immunization (Vaccine Purchase, Distribution & Administration) | \$1,537,296      |
| Federal Medical Assistance Percentage                          | \$1,281,368      |
| Child Lead Exposure  | \$632,366        |
| Public Health Laboratory                                       | \$632,040        |
| Infectious Disease   | \$602,642        |
| <b>Total Increase above FY-18 Request</b>                      | <b>4,685,712</b> |

| How would the agency handle a 5% appropriation reduction in FY'18? |   |
|--|---|
| \$ Amount  | Description   |
| \$10,000   | Oklahoma State Athletic Commission: This would reduce the number of inspectors trained for events scheduled in SFY-18   |
| \$2,314,586  | A 5% reduction in appropriation to the department would require a reduction of services. Based on the OSDH business plan and agency priorities, the department would be required to eliminate of the state funds to Federally Qualified Health Centers for uncompensated care associated with the delivery of primary, dental, and behavioral health care to uninsured patients. This approach minimize the impact on the mandated public health programs (like emergency preparedness and infectious disease control) and maintain OHIP priorities that are necessary to improve health outcomes and prevent disease, specially tobacco, obesity and Children's Health programs. |

**OKLAHOMA STATE DEPARTMENT OF HEALTH (340)**

|                    |  |
|--------------------|--|
| \$424,339          | Oklahoma Based Child Abuse Prevention: Approximately 183 families would not be served and approximately 15 Parents as Teachers (PAT) positions within the community non-profits would no longer be funded. In order to determine which programs would be eliminated, contractors will be rated and ranked by the number of home visits made and number of families served. |
| <b>\$2,748,925</b> | <b>Total Reduction of Expenditures</b>   |

# OKLAHOMA STATE DEPARTMENT OF HEALTH (340)

| How would the agency handle a 7.5% appropriation reduction in FY'18? |   |
|--|---|
| \$ Amount  | Description   |
| \$15,000   | Oklahoma State Athletic Commission: This would reduce the number of inspectors trained for events scheduled in SFY-18   |
| \$2,314,586  | A 7.5% reduction in appropriation to the department would require a reduction of services. Based on the OSDH business plan and agency priorities, the department would be required to eliminate of the state funds to Federally Qualified Health Centers for uncompensated care associated with the delivery of primary, dental, and behavioral health care to uninsured patients. This approach minimize the impact on the mandated public health programs (like emergency preparedness and infectious disease control) and maintain OHIP priorities that are necessary to improve health outcomes and prevent disease, specially tobacco, obesity and Children's Health programs. |
| \$1,793,801  | Oklahoma Based Child Abuse Prevention: Approximately 348 families would not be served and approximately 28 Parent as Teachers (PAT) positions within the community non-profits would no longer be funded. In order to determine which programs would be eliminated, contractors will be rated and ranked by the number of home visits made and number of families served.   |
|  |   |
| <b>\$4,123,387</b>   | <b>Total Reduction of Expenditures</b>  |

| How would the agency handle a 10% appropriation reduction in FY'18? |  |
|---|--|
| \$ Amount   | Description  |
| \$20,000  | Oklahoma State Athletic Commission: This would reduce the number of inspectors trained for events scheduled in SFY-18  |
| \$2,314,586   | A 10% reduction in appropriation to the department would require a reduction of services. Based on the OSDH business plan and agency priorities, the department would be required to eliminate of the state funds to Federally Qualified Health Centers for uncompensated care associated with the delivery of primary, dental, and behavioral health care to uninsured patients. This approach minimize the impact on the mandated public health programs (like emergency preparedness and infectious disease control) and maintain OHIP priorities that are necessary to improve health outcomes and prevent disease, specially tobacco, obesity and Children's Health programs. |
| \$2,317,635   | Oklahoma Based Child Abuse Prevention: Approximately 637 families would not be served and all 52 Parent as Teachers (PAT) positions within the community non-profit would no longer be funded. This would impact all 13 regional contractors.  |
| \$845,629   | ParentPro: Represent a loss of approximately 35% of Parent as Teachers (PAT) funding for four rural county health departments: Bryan, Creek, Jackson and Pittsburg. With this reduction approximately 112 familes would not be served and approximately 8 positions within the community health departments would no longer be funded.   |
|   |  |
| <b>\$5,497,850</b>  | <b>Total Reduction of Expenditures</b>   |

| Is the agency seeking any fee increases for FY'18? |                     |           |
|--|---------------------|-----------|
|  | Yes                 | \$ Amount |
| Increase 1   | Please see attached | \$0       |
| Increase 2   |                     | \$0       |
| Increase 3   |                     | \$0       |

| What are the agency's top 2-3 capital or technology (one-time) requests, if applicable? |              |
|---|--------------|
| Public Health Laboratory Total Construction Bond  | \$58,560,000 |

| Federal Government Impact  |
|--|
| <p><b>1.) How much federal money received by the agency is tied to a mandate by the Federal Government?</b></p> <p>The department receives approximately 59% of the overall budget from federal sources. Those monies come with certain expectations or obligations of performance but do not necessarily constitute "mandates". In some instances, the federal monies are used to support mandates where appropriated monies or fees cannot sustain programmatic efforts such as infectious disease programs.</p> <p><b>2.) Are any of those funds inadequate to pay for the federal mandate?</b></p> |

## OKLAHOMA STATE DEPARTMENT OF HEALTH (340)

As mentioned above, a considerable portion of federal monies received by the department are utilized to support state level mandates

### 3.) What would the consequences be of ending all of the federal funded programs for your agency?

Discontinuation of federal programs and funding would significantly impact public health systems and service delivery. Most federally funded programs serve statewide initiatives and impact the entire citizenry. Those programs include but are not limited to focus on the following public health issues; All Hazards Preparedness, Communicable Disease Prevention and Control, Maternal and Child Health Services, Nursing Home and Health Facility Inspection and Regulation as well as many others. The discontinuance of such services could dramatically impact health status in Oklahoma, leave our citizens vulnerable to outbreaks of disease and virtually eliminate the capability of a coordinated health and medical response in an emergency. Further, the elimination of these federal programs would result in the loss of jobs within and outside the department due to necessary reductions in personnel and elimination of contractual services currently provided. At present, approximately 50% of the department staff are funded on federal funding sources.

### 4.) How will your agency be affected by federal budget cuts in the coming fiscal year?

The Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program award was reduced from \$9,025,081 annually (ability to spend over a two years period) to \$6,377,853 (to be spent over thirty months). The reduction in funding resulted in the reduced focus of the program from seven county health departments to two county health departments.

The CDC Tobacco Control Core program is anticipating a reduction in funding between 10% and 50% (\$109,032 to \$545,162) beginning March 31, 2017. The proposed budget cut will impact staffing, contracts and services related to tobacco control efforts especially within disparate populations.

### 5.) Has the agency requested any additional federal earmarks or increases?

The agency has not requested any federal earmarks. However, approximately, 59% of the department's funding is awarded through 77 separate federal revenue streams. The level of funding for each program is tied directly to the federal funding level as well as the federal guidance documents. The department continues efforts to identify all available funding opportunities that align with core public health functions, the agency's business plan and the Oklahoma Health Improvement Plan.

| Division and Program Descriptions                                     |  |
|---|--|
| <b>Public Health Imperatives</b>                                      | Protect the health/safety of the citizenry against infectious, occupational and environmental hazards; ensure adequate health/medical emergency/response; and offer protection to vulnerable persons against exposure to severe harm |
| <b>Priority Public Health - Improvement of Health Outcomes</b>        | Health promotion and interventions aimed at reducing poor health outcomes and excess death in Oklahoma   |
| <b>Prevention Services and Wellness Promotion</b>                     | These services are characterized by public health programs that prevent adverse health conditions and consequences and/or promote health and wellness  |
| <b>Access to Competent Personal, Consumer and Healthcare Services</b> | These services may include the training and education of public health and/or private medical providers, linking individuals to healthcare services or the provision of healthcare services when otherwise unavailable               |
| <b>Science and Research</b>   | Services that seek to research public health problems & interventions for effectiveness; improve the practice of public health; and enhance the body of public health research through scientific publication and presentation       |
| <b>Public Health Infrastructure</b>                                   | The public health infrastructure exists to support specific imperative, priority and other public health programs. These include infrastructure costs associated with providing a statewide public health presence                   |
